PROFESSIONAL SUMMARY

Highly motivated and skilled Web Developer and Programmer with hands-on experience in Python, JavaScript, and C++. Proven ability to apply fundamental data structures, algorithms, and programming concepts to develop interactive applications and solve complex problems. Adept at leveraging Git, GitHub, Visual Studio Code, and MySQL, with a strong foundation in debugging, code optimization, and collaborative development. Eager to contribute technical expertise and adaptability in a challenging, growth-oriented software development role.

PROFESSIONAL EXPERIENCE

JavaScript Developer

NSP NEXUS | Jan 2026 – Feb 2026

- Applied core data structures and fundamental programming concepts to develop robust JavaScript solutions.
- Executed problem-solving assignments, enhancing proficiency in JavaScript development and logic.
- Built foundational interactive applications and small-scale projects, demonstrating practical coding skills.
- Implemented debugging strategies and explored code optimization techniques to improve application performance.
- Collaborated effectively on coding tasks and technical exercises within a team environment.
- Successfully completed 4 technical assignments, reinforcing practical understanding of JavaScript programming concepts.
- Boosted problem-solving capabilities and coding efficiency through hands-on project execution.

DSA in C++ Intern

InternPe | Jan 2026 – Feb 2026

- Implemented foundational data structures and algorithms using C++, gaining expertise in their application.
- Successfully completed 4 complex coding and algorithmic problem-solving assignments.

- Designed and developed basic console-based applications, showcasing practical C++ development skills.
- Refined logical reasoning and algorithm implementation skills through dedicated practice.
- Enhanced debugging and analytical skills through targeted practical exercises and code review.
- Increased coding proficiency in C++ and mastery of data structures within a structured learning environment.
- Established a robust foundation in algorithmic problem-solving methodologies.

TECHNICAL SKILLS

- Python
- JavaScript
- C++
- Git
- GitHub
- Visual Studio Code
- MySQL
- Data Structures
- Algorithms
- Web Development

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science and Engineering (IoT)

B.S. Abdur Rahman Crescent Institute of Science and Technology, Chennai

ACHIEVEMENTS

- Winner, Chrono Voyage Technical Competition at SSN College.
